

2015 State Association and Coalition Membership Benefits

The Alliance for Strong Families and Communities welcomes and encourages the membership of all state associations and local coalitions that serve and represent any group of human service agencies providing the full range of human services.

We deeply discount state association and local coalition dues to an annual rate of \$800 because we believe they are critical partners in active, effective federal policy, and in further strengthening the human services field.

These associations and coalitions are an important vehicle for gathering information, analyzing local impact of federal legislation and regulations, disseminating information, and mobilizing agencies in a strategic and targeted way to this end.

Benefits for you and your staff ...

- Unlimited use of the Severson Information Center for association/coalition needs only
- One discounted registration (50 percent off the member rate) annually for your director or a staff member to attend our premier event, the Alliance National Conference
- Ability to access our staff for customized information, analysis, and consultation
- Regular reports on pending legislation in your state
- Full access to timely, relevant, and useful information on a wide range of topics through our the Alliance website, E-News, policy alerts, teleconferences, meetings, and conferences
- Waiver of honorarium fees for Alliance CEO, COO, or other senior staff to present at your meetings and conferences (association/coalition would pay travel costs only)
- Ability to use the Alliance's research department for limited telephone consultation as well as discounted pricing on local evaluation or research projects

Benefits you can pass on to your members...

- Invitation to all association/coalition members when the Alliance sponsors events, trainings, and conferences in your area
- Individuals from each of your member organizations may attend our premier event, the Alliance National Conference, at the member rate (a \$150 savings)
- Purchasing discount for all association/coalition members on our acclaimed U.S. human services compensation annual report, which your member organizations may purchase at the Alliance member rate
